

Nature crowns - Welly Wednesday

Tags:

- 44. Appreciating the arts
- 50. Communicating ideas
- 51. Natural and physical world

Steps:

- (1) Ask children to meet you small group table.
- (2) Recall how we made crowns at small group time with paper and shapes and jewels. Show the children what you have brought along. Demonstrate make a nature crown. Talk about how they can make a nature crown in the garden.
- (3) Earlier: Children observe what others do ask for help with the sticks. Middle: Choose the materials they want to place on their picture at random. Later: Choose carefully what they want to make their picture of. Talk about the flowers they are using. Talk about the picture they are making.
- (4) When all children have gathered and made their crown, encourage them to get ready to go back to the nursery with their crown.
- (5) Hang up coats, put on shows, return welly's to the basket and prepare for planning time.

Description: Both small groups have made crowns with materials. On our Welly Wednesday we will look for natural materials to make some crowns.
