- 23. Vocabulary
- 40. Arts

#### Steps:

- (1) Gather children at the art area. Remind them about our walk yesterday and what we gathered together.
- (2) Show the children the story we read at story time.
- (3) Show the children the pictures in the story and how all the pictures were made from leaves. Say "You might like to make your own leaf man pictures today." "What will you need to make a leaf man?"
- (4) Listen to the children's responses and let them begin. When they have formed their pictures show the children the glue to fix their leaves on the page.
- (5) Continue until all pictures are finished.
- (6) Give a warning for planning time.

**Description:** After our visit to the woods and reading the story Leaf Man, today we will make our own leaf man picture.

#### Supplies List:

- Black card ()
  - Collection of leaves ()
  - Glue ()
  - googley eyes ()
  - Leaf man story ()
  - Tarps ()
-
